About Sapro

Established in 1997, Sapro is a leading Turkish enterprise with a highly successful track record. Sapro is one of the global leaders in wet wipes manufacturing. The group company consists of 4 companies that operate end-to-end manufacturing including nonwovens, cardboard packings, plastics, and finished wet wipe products. The company also started production in Bulgaria in 2021. The portfolio of Sapro brands includes Hops®, Mr. Valet®, Planet Wipes® and Newipe® as well as Private Label brands. With nearly 1000 employees and high-tech production facilities which were built with "smart building technology", Sapro provides high-quality and dynamic service to global retailer brands and consumers in various categories including baby care, personal care, pet care, household, biocidal, car care, and others. Sapro can produce wet wipes in a wide range of product forms, including cosmetic flowpacks, household flowpacks, canisters, single-use sachets, travel packs, and refill wipes.

Sapro is also amongst Türkiye's most distinguished cosmetics manufacturers. As the number one local company in cosmetics exports, Sapro ranks 488th in the "Top 500 Industrial Enterprises in Türkiye" list with its 2023 revenues. The company enjoys steady growth, not only in Türkiye but also in regional and global markets. With the 7 individual sales forces and 10 external warehouses in 7 different countries, exporting to around 65 countries, Sapro is taking confident steps towards becoming a global leader.

Sapro aims to create social and environmental values as well as economic values by integrating sustainability strategy into business strategy. Sapro uses compostable wipe materials certified by TUV AUSTRIA for awarding and use of 'OK COMPOST HOME' and 'OK COMPOST INDUSTRIAL' conformity marks. Sapro uses wipe materials certified by TUV AUSTRIA awarded with the 'OK BIODEGRADABLE SOIL, OK BIODEGRADABLE WATER, and OK BIODEGRADABLE MARINE' conformity mark. We can produce flushable wipes according to two different standards: the EDANA GD4 and the "FINE TO FLUSH". Sapro is the first manufacturer in Türkiye which has generic certification given by WRC. We also design new formulations which are in the vegan formulation and compatible with 'ECOCERT COSMOS', 'THE NORDIC SWAN ECOLABEL', 'NATRUE', and 'BRA MILJOVAL' sustainability certificates.
